Kristine,

The following email is provided on behalf of Jim.

Hi Kristine –

Attached please find the revised drafts of Section 10.1 and 10.2 for your review. In each case, we accepted the RL/SO from EPA's Section 10 revisions provided to the LWG in July 2014, and then redlined that version with our proposed changes. We have added explanatory comment bubbles in places to explain the rationale for some revisions. Also some EPA comment bubbles from the July document remain in these files and show as Author. Finally, we did not do any final formatting at this point, that will be done once the final content is determined.

We recognize and appreciate your goal of getting this section resolved by the end of December. Please let us know if you want to meet and discuss this latest version and we will have Jen arrange a meeting in Olympia at the earliest possible date.

Thanks,

Jim

Please let us know if you have any questions.

Thank you,
Jen Woronets ☺
